

KHSRA Communication

Please note that the Kansas High School/Jr High School Rodeo Association communicates mainly with our private facebook page. It is called Kansas High School Members Group and is for current members only. Please either have a current member add you to the group or send an email to Suzan Adams at khsrarodeo@gmail.com to request an invite via email. We also post on our website at www.khsra.net but the main form of communication is the facebook group (not page)

I understand that if I am not in that private facebook GROUP, I will miss out on information that will be useful to know to help know what is going on with rodeos and within the association.
